Subject : request to integrate the European section

Dear Mr Pierre Johannel,

Currently studying in 2<sup>nd</sup>2 at high school Chateaubriand, I am writing to you to inform you my wish to integrate the European section for the next year 2018/2019.

I would like to improve my English skills and capacities as I like very much this foreign language. I would like to develop, to strengthen my knowledge of the Anglo-Saxon cultural and historical world.

I have the project to go abroad, first during school holidays then to do internships for my first professional experiences.

I am well aware that I will have to work harder. I am motivated and serious to give an international dimension to my school studies.

I hope you will give a positive answer to my request.

Kind regards.

Grégoire LEFEBVRE
